Standard of Behaviour

It must be remembered that at all times when involved in this sport that you are a representative of our club. This includes at training and from arrival to departure on game days whether at home or away.

This means that we would expect and appreciate the highest standard of behaviour during these times. You have to be aware that you are wearing and carrying club colours, emblems and gear which makes you easily identifiable as an Ellerslie A.F.C. member and if there are any issues it is our club who gets recognised and judged and we are the one's that receive the complaints.

We would expect and appreciate that you respect and follow the rules of our club's Code of Conduct as well as any rules of clubs you visit. We would hope that you behave in a manner that you would wish to have returned in kind by other team members and visiting players, management and supporters.

Any breaches in discipline or behaviour that is reported would be dealt with by either the clubs or the Auckland Football Federations disciplinary boards. If the behaviour is considered severe enough you or your team could have good behaviour bonds imposed on them, as could the club have them imposed against us for the same infraction to ensure no future transgressions. These bonds generally start from \$500.

There is more information on the disciplinary process under that heading.

Clubroom Etiquette

We would appreciate you treating all of our facilities and equipment with respect. The maintenance of these is an expense we try and keep to a reasonable level and general wear and tear is inevitable but wilful damage and irresponsible behaviour is not something we wish to see occur at the club.

This can be made easier by observing the following practices please.

- We will host responsibly. Please drink responsibly also. We do not want the awkwardness of having to stop serving or of asking a member or guest to leave but we will for your safety and ours and also for the protection of our liquor license
- **No alcohol to be taken outside the clubrooms when smoking.**
- We are a club not a pub so please tidy up your table before leaving.
- Please do the same for your opposition should you host them after a match.
- NO playing or training gear to be worn in the club at any time. If you cannot change at least put a tracksuit over the top and clean shoes on please.
- We are a family club so please be aware of your language when children are around.
- Children are more than welcome but please look after your own children and make sure they play safely and fairly with others. We are also not a crèche'.
- When outside, particularly at night please be respectful of our neighbours privacy and your noise levels.
- Our bar staff are to be treated with respect at all times. They are not servants to be ordered around. Put yourself in their shoes, especially when it is busy.
- Guests, opposition teams, family and friends are also more than welcome. Please host them with respect and if you have any questions while at the club there is usually a committee member present who can answer any questions or make a note and get back to you as soon as they can.

Club Commitment

Our club wishes to achieve the highest possible results throughout our federation and wants to set the benchmark for competitiveness, achievement, results and sportsmanship. This can only be achieved with your assistance and commitment to these same goals.

When on the field play the game to your best ability and with the spirit and attitude that this sport is legendary for.

When off the field please respect the facilities, equipment, gear and surroundings you have been provided with, whether at home or away, and always represent Ellerslie A.F.C. with pride and passion.

Support the club whenever you can, whether as a player, a supporter, a spectator or while socialising. The facilities are there for you to utilize and we can accommodate most requests to use these as long as we are given due warning and the appropriate conditions of our lease allow.

Teams are encouraged to come up to the club as often as they can. After trainings, games at home or even away if practical, and particularly if they wish to build a level of support for ventures of their own whether these are fundraising, team trips or social occasions they wish to run.

Disciplinary Procedures

First it should be noted that not all disciplinary procedures occur directly from games and these can be called for other breaches of club regulations should they be deemed serious enough. These can include post match behaviour, clubrooms behaviour, drug or alcohol issues related to the club or unsportsmanlike behaviour while representing the club at events, tournaments or social events.

It should also be strongly noted that any person who agrees to fill the role of a match official, whether a qualified referee, club based referee or as a volunteer on the day has the full support and endorsement of the club and the federation. If events occur during a game that they felt strongly enough about to bring to our attention or file a report either with us or the Federation would be accepted as the full and accurate account of events and subsequent disciplinary actions would be handled with these as the central evidence.

Most disciplinary procedures are handled by the Auckland Football Federation (A.F.F.) following a report either submitted by the opposition or the referee.

Depending on the severity of the charge cases are either dealt with without hearing and fines and suspensions handed down or by a disciplinary hearing at which the accused player/s are called before the A.F.F. disciplinary board.

According to F.I.F.A. rules the only grounds for appeal is for mistaken identity and then only if you supply the identity of the actual offender.

If the matter is an internal one the club has the right to carry out the same procedure and hand down its own fines or suspensions which we would then advise to the A.F.F.

The penalties are at the discretion of either body. If it is felt necessary a case could be heard by both the club and the A.F.F.

Failure to attend or acknowledge the authority of these bodies can lead to further fines and penalties, suspension and/or banning from the game. These

decisions are advised to the A.F.F. and the National body and are enforced nationwide and worldwide if required.

Yellow Cards

»» Cost - \$25 (+GST)

»» 5 Yellow cards = Automatic 1 game suspension

»» 2 Yellow Cards in **one** game = automatic sending off and minimum automatic 1 games suspension for next game and depending on card severity, longer suspension is possible

Red Card

»» Cost - \$10 administration and \$25 per game suspended (+GST)

»» automatic minimum one game suspension for next game and depending on card severity a longer suspension is possible as well as possible disciplinary hearing if required.

Hosting & Visiting Responsibility

In the name of good sportsmanship we would request that at all times when playing, at home or away, you represent the club to the highest standards possible.

Away games

- »» Someone to introduce themselves to the opposition and inform them you have arrived, check what the arrangements are for changing, refereeing (rolling subs, linesmen, doing a half each etc) and post match
- »» Be respectful of the referee and his decisions at all times. Remember, you have to do the second half or the return match and would expect the same respect returned
- »» Tidy up at the end of the game. Remove all drink bottles, rubbish tape, mud etc from side of field, dug outs and changing rooms
- »» If you have an after-match chilly bin please do this discreetly. If you are asked not to have one by your host - respect this. It is a liquor license issue and we do not want to endanger any clubs financial viability by causing problems in this area
- »» Always go back to their clubrooms and support their bar, especially if you have a chilly bin. This is what many clubs depend on for survival and is the least we would expect at ours
- »» There is nothing more annoying than seeing a visiting, or worse home team, sitting in the changing rooms having a beer and then not coming up the club afterwards. And keep it short. Vacate changing rooms within 45 minutes of game end

Home games

- »» Introduce yourself to the opposition when they arrive and let them know where the changing rooms are, what field they are on, who is

refereeing, any rules that you will be enforcing on the day (rolling subs, how many etc) or help that is needed (linesmen, half each etc)

»» All of the “away” points above are still valid at home

»» At the end of the game please invite your opposition up to the clubrooms and also host them while up there. Please do not go up and sit at opposite ends of the club room from them.

»» The last team to play on each pitch at home must bring the nets etc back to the gear shed. If you play away you must check to see if nets will be there and again if you are the last team you must bring them back to Michaels Ave.

»» Offer to do post match speeches. If on a first team game day this will be a part of the normal formalities but you may not get a chance to speak due to time constraints.

»» Offer them a “Player of the Day” pint as a prize. See bar staff for this.
